

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every global industry. Transporting industrial goods takes place each and every day on our busy planet. Originally innovated as industrial vehicles during the 1930s in America, lift trucks gained popularity after WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread globally.

In 1949, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply called TCM Corporation. Over the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the trade. TCM began constructing lift truck manufacturing sites outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes several models of industrial lift trucks with over 50 years of accumulated expertise and technology, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading business.
