

Ingersoll Rand Forklift Part

Ingersoll Rand Forklift Part - Providing services, products and solutions so as to increase the productivity and to ensure efficiency in industrial, commercial and residential surroundings, Ingersoll Rand is very proud provider of products that help enhance the safety, comfort, security and health of individuals all over the world.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman manufactures refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, building and contracting services, parts support and advanced controls for both residential homes and commercial buildings.

The Industrial Technologies sector of Ingersoll Rand offers products and solutions in order to improve productivity, operations and energy efficiency for their clients. The series of products in their line consist of: pumps and tools, and material fluid handling systems to complete compressed air systems. They have also developed Club Car, the global leader in utility and golf vehicles for businesses and people.

Brand names like for example Trane and Schlage deliver residential solutions that provide comfort, safety and efficiency to home owners across North America. Their innovative products comprise electronic and mechanical locks, indoor air quality solutions, heating and air conditioning systems, remote home management, portable security systems and advanced controls.

Ingersoll Rand' Security technologies offer products which ensure safe, productive and secure environments. This division's market leading products consist of door and floor closers, portable security devices, exit devices, electronic and biometric access control systems, cabinet hardware, steel locks, doors and frames, locksets and decorative hardware. Schlage also has products which offer time, attendance and personal scheduling systems.
