

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since nineteen fifty nine. Whether the work requires positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler will help make the job go faster and easier. These units are complete along with the patented Stabil-Trak stability system in order to ensure operator confidence.

The horizontal placement system by Lull is able to supply 80 inches of boom travel for precision placement capabilities. There are likewise various optional Lull accessories for their telehandlers in order to help complete whichever work.
