

Electrical Part for Forklifts

Electrical Parts for Forklifts - Forklifts may be specifically marked to be utilized in hazardous places. A marked lift truck denotes the design has met the minimum requirements of ANSI/UL 558 used for engine powered forklifts or ANSI/UL 583 for electric lift trucks for the type of label placed.

The use for labels meant for lift lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance carrier and Fire Marshall for additional info about the permitted uses of industrial powered trucks in your application.

If the forklift has been proven to satisfy the outlined standards, the following labels can be put. A labeled truck will have the type designation located on the forklift nameplate and would have one of the following labels placed.
